

# ***NEXTGEN LATE MODEL STOCK***

***THE MULTI-TIME NATIONAL CHAMPIONSHIP BODY***

The NextGen Late Model Stock Car Body is the latest in high-performance engineering, setting a new standard for durability and aerodynamics in the late model stock racing world.

This body is hassle free for any racer to install.

- » Enhanced safety with the use of flame-retardant resin in the Ultraglass Composite greenhouse
- » Exceptional aero balance achieved and validated through extensive wind tunnel and on track testing
- » All panels have consistent & repeatable fit for effortless installation & replacement
- » Panels have mounting flanges & locating tabs
- » Commonly raced in NASCAR LMSC divisions and CARS Tour Series
- » Common body has 3 nose options for brand identity
- » Two-piece greenhouse includes a built-in cowl and deck lid filler
- » Designed to fit perimeter-style chassis
- » Available in 4 colors

## FEATURED BODY ACCESSORIES

### ALUMINUM HOOD HINGE KITS:

- » Hinged hoods create easy access to the engine compartment
- » Long and Short Hood Hinge Kit options include Laser cut aluminum hinge, pin, and clip assembly.
- » For more details & ordering info page 131

### QUARTER PANEL BODY BRACE KIT:

- » Stiffens the quarter panel to maintain correct shape in an aero sensitive area
- » Highly recommend bracing for tracks 1/2-mile and longer
- » Laser-cut aluminum braces have pre-drilled holes for brace attachment
- » For more details & ordering info page 142

### ALUMINUM NOSE SIDE BRACES:

- » Provides structure to an aero critical part of the car
- » Laser-cut aluminum is pre-drilled for riveting to the nose and for mounting body braces
- » For more details & ordering info page 130

### PREMIUM AVEX STYLE RIVETS:

- » Five Star Premium Rivets are known as the best quality on the market
- » Super-tight grip and won't spin out while drilling!
- » Grip range of up to 3/16" for 1/8" rivets and up to 1/2" for 3/16" rivets
- » For more details & ordering info page 126

» GO TO PAGES 124-147 TO SEE ALL ACCESSORIES FOR THIS BODY STYLE

## BODY DIMENSIONS

FIVE STAR BODIES ARE DESIGNED TO MAINTAIN PRECISE FIT WITH OPTIMIZED AERODYNAMICS!

### WIDTHS

<b>A</b>	<b>B</b>
67"	65½"

Door to Door Width: Measured at A-posts & inside edge of doors, measured through car

Door to Door Width: Measured at B-posts & inside edge of doors, measured through car

#### NOTES:

1. If the Roof Height (10" back from windshield), Door Height (rear), Quarter Panel, or Bumper Cover Height dimensions are higher than the stated minimum dimensions, all four must increase by the same amount.

2. Must fit centerline template within allowable tolerance. \*Measured at the seam of bumper cover at deck lid intersection, +/- 1/4"

CHASSIS	ROOF HEIGHT	TREAD WIDTH	WHEELBASE
LMSC Perimeter	48"	Up to 64½"	Up to 106"

## BODY MOUNTING FIXTURES

**MOUNT YOUR BODY FAST & EASY TO MAXIMIZE PERFORMANCE & TO PASS TECH INSPECTION!**

It is the responsibility of all competitors to present a car that fits the templates within allowable tolerances and meets all dimensions as inspected by the "Referee." Be sure to download a free copy of the Official ABC Rulebook for body styles, panels, spoilers, windows, overhangs, roof height, proper placement of templates, and more!

### THE OFFICIAL REFEREE 2.0

- » Used by tracks and associations throughout North America for body tech inspection
- » Measure the front overhang of the nose, tread width, roof, door, and deck height, rear overhang, wheelbase, and engine setback
- » Adjustable laser option for accurate measurements of front overhang and engine setback
- » Magnetic, tinted polycarbonate wheel plates for better attachment to wheels
- » Includes Tech Inspector's checklist
- » **NOT NECESSARY FOR MOUNTING A BODY.** A body can easily be installed within specs by using the body dimensions sheets & templates

Referee 2.0	TT-200-00	\$1,975
Wheel Locator, w/magnets (SET OF 4) (SOLD SEPARATELY)	TT-200-WL	\$98
Laser Measurement Assembly (SOLD SEPARATELY)	TT-200-LB	\$150

**VISIT OUR YOUTUBE PAGE FOR A TECH VIDEO DEMONSTRATING USE OF THE OFFICIAL REFEREE 2.0**

### ROOF LOCATING FIXTURE

- » THE FAST & EASY WAY TO MOUNT YOUR COMPLETE BODY WITHOUT THE CHASSIS UNDERNEATH
- » This time-saving device has adjustable quarter panel arms and makes locating the roof on your chassis a simple process
- » Allows exact fit for wheel opening locations, body dimensions, and inspection templates to fit series specs
- » Pre-fits from the cowl to the bumper cover, then can be lifted easily on top of the chassis for final fit
- » Comes in a black powder-coat finish and includes roof brackets, door height blocks and assembly instructions

Roof Locating Fixture (INCLUDES ROOF BRACKETS & DOOR HEIGHT BLOCKS)	809P	\$875
Replacement Roof Brackets	13002-72231	\$71
Replacement Door Height Blocks, 6" tall	11002-72331	\$38

Provide a secure installation of your body panels with Five Star Rivets & Washers!

Five Star Rivets pull much tighter than other, cheaper rivets.

Washers are oversized to fit with Five Star Rivets and keep rivets tight no matter how much vibration

**FIVE STAR PREMIUM WASHERS**

- » Five Star Premium Washers are lightweight & available in 3 sizes
- » Recommended for all plastic & composite body panels to keep them tight & prevent rivets from pulling out

FULLY INSTALLED COLD AIR BOX

## COWL INDUCTION COLD AIR BOXES

### FLOW BENCH TESTED FOR PEAK AIRFLOW

- » Advanced lightweight composite construction with flame retardant gray resin
- » Comparable in weight to carbon fiber alternatives
- » Designed for maximum airflow using air filters as short as 3"
- » Increased distributor & under hood clearance
- » Fits a standard 14" filter element

4 Barrel, 0° Angle (Offset)	10001-53401	\$568
4 Barrel, 3° Angle (Standard)	10001-53431	\$568
2 Barrel, standard	10001-53201	\$426
2 Barrel, offset	10001-53202	\$406

NOTE: FOR OLDER STYLE 51-SERIES COLD AIR BOXES CALL FIVE STAR 262.877.2171

2 BARREL COLD AIR BOX

### 4 BARREL AIR BOXES:

- » Available in 0° & 3° to ensure a proper, level fit
- » Feature a patented machined adapter ring for clean airflow, better fit, & durability
- » 3° Airbox is commonly used for short track Late Models
- » How to determine air box angle option:
  - » Set car at proper ride height
  - » Place angle finder on carburetor to determine which air box option fits bests

4 BARREL COLD AIR BOX

### 2 BARREL OFFSET AIR BOX:

- » Offset 2-barrel air box is for engines with a larger setback
- » Designed to allow the element to be flat across the back for engine setback & clearance in the cowl
- » Fits a standard 3-1/2" x 14" filter element

### 2 BBL AIR BOX IS DYNO TESTED

"The results were outstanding! Five Star's 2bbl Air Box was 10 HP & 16 ft lbs of torque better than the old one!"

-SHANE HARDING  
HARDING MOTORSPORTS CHASSIS

### PATENTED FLOW DESIGN

4 BBL UNIQUE HIGH FLOW DESIGN  
CNC-machined aluminum ring (laminated into the air box) fits perfectly on carburetor to maximize airflow

REAR BUMPER FULLY INSTALLED WITH HEIGHT ADJUSTABLE MOUNTING KIT  
(HIGHLIGHTED IN ORANGE)

## REAR BUMPER MOUNTING KITS

- » Everything you need to mount the bumper to the chassis
- » Universal design for all Five Star Short Track Noses
- » Fits all chassis configuration
- » Available in two options:
  - » **Height-Adjustable Kit:** (PN 802-2S) Allows for several different mounting options and pivots to allow precise adjustments to the height of the rear bumper cover  
**Kit includes:** 2 pivoting chassis mounts; 1 36" long 1-1/2" square piece of tubing; 2 pieces of flat stock; 2 1/2" nuts and bolts
  - » **Non-Adjustable Kit:** (PN 802-2) Make your bumper a bolt-on component  
**Kit includes:** 2 3' long x 1-3/4" thick pieces of round tubing, 2 pieces of .120" thick square tubing and 5/16" hex bolts & nuts

Height-adjustable Kit	802-2S	\$49
Non-adjustable Kit	802-2	\$38

### STEEL REAR DECK MOUNTING KIT

- » Everything you need to properly fabricate a perfect fitting brace from the rear bumper cover & deck lid to the chassis
- » **Deck Lid Bracket:** (PN 660-450-DLB) supports your rear body clip by securing it to the rear bumper cover & quarter panel.  
Kit includes: 2 tabs for hood pins; weighs 36 oz
- » **Deck Lid Height Slider Kit:** (PN 802-3) allows for easy adjustment of spoiler height with 3-1/2" of deck lid height adjustability.  
Kit includes: 2 pieces slotted 3/4" square tubing, 3/8" hex bolts & nuts
- » **Deck Lid Hold-down Kit:** (NOT SOLD SEPARATELY) allows for a removable deck lid.  
Kit includes: 1 aluminum deck lid hold-down strip, 2 mounting tabs, 4 jam nuts, 2 3/8" gun-drilled, anodized aluminum pins & scuff plates (SILVER), & 2 flip-over steel clips

End Assemblies, 6-piece	807-2	\$19
Tap, left or right	807LorR	\$10

CLOSE UP OF FULLY INSTALLED TAB

### STEEL BODY MOUNTING TABS

- » Designed to be welded onto chassis as a universal mount for many applications
- » Makes mounting easier by positioning bracing and mounts right where you need them
- » 25-piece kit includes enough lightweight weld-on tabs to install a complete body & weighs 5 oz
- » Each tab is 1-1/8" x 1-2"
- » Use for roof, cowl, deck lid, side bracing, and more

25 Piece Kit	807-4	\$24
--------------	-------	------

» NYLON (MOST FLEXIBLE) WEIGHS 5 OZ EA

» ALUMINUM (LIGHTEST) WEIGHS 3.25 OZ EA

» STEEL (MOST DURABLE) WEIGHS 8.25 OZ EA

INCLUDES TWO SCREWS FOR QUICK, EASY INSTALLATION & ADJUSTMENT WITH 3MM ALLEN WRENCH

### PREMIUM ADJUSTABLE BODY BRACE KITS

- » Available in three options: aluminum, nylon, or steel
- » Adjustable to a maximum length of 30-1/2"
- » Stamped, black anodized aluminum mounting ends
- » Thumb screw for quick, easy length adjustments without tools
- » Kits come complete in a pack of 2

Flexible Nylon Brace Kit	10001-75951	\$33
Aluminum Brace Kit	10001-75933	\$30
Steel Brace Kit	10001-75931	\$21

### ALUMINUM CHASSIS CLAMPS

- » Universal mount fits anywhere bracing is needed
- » Eliminate the need for welding or use of hose clamps when mounting body braces
- » Threaded flange / no nut required
- » Three options to fit different roll bar tubing thickness
- » Lightweight black anodized aluminum, each clamp weighs just 1.3 oz
- » Ideal for use with Five Star's Premium Adjustable Body Braces
- » Kits include: 2 clamps with 1/4-20 screws

1-1/2", aluminum, 2 pack	10001-74133	\$21
1-3/4", aluminum, 2 pack	10001-74333	\$21
1-5/8", aluminum, 2 pack	10001-74533	\$21

THE 11002-66222 DOOR VENT WINDOW IS CUT-TO-FIT FOR FAST & EASY INSTALLATION

THE 000-6202 DOOR VENT WINDOW IS OVERSIZED; TRIM TO FIT YOUR APPLICATION

### POLYCARBONATE DOOR VENT WINDOWS

- » Molded vent windows give cars a proven performance gain in the wind tunnel over flat unmolded windows
- » Oversized and cut-to-fit options made of molded, mar-resistant coated clear .093" polycarbonate

Precut-to-fit, set of 2	11002-66222	\$33
<i>FITS THESE BODY STYLES: ABC NEXTGEN, NEXTGEN LMSC</i>		
Universal, set of 2	000-6202	\$35

### WIDE ANGLE RACING MIRROR

- » This convex glass mirror gives you the best view of your competition, includes a bracket kit for easy installation
- » All black frame with black anodized machined aluminum brackets
- » Only weighs 19 oz

Convex Glass Mirror	00001-85020	\$39

# THE PERFECT SURFACE PREP FOR PLASTIC

## MD3 ADHESION PROMOTER

**NEW!**

**FAST DRYING & NON-SANDING**

### MD3 ADHESION PROMOTER

- » Specifically engineered adhesion promoter assures proper paint bonding to our special plastic
- » Other automotive grade primers on the market may not work at all or cause severe paint flaking
- » Improves adhesion of vinyl by enhancing the bond between adhesive on the vinyl and the substrate, for a more durable, long-lasting application
- » Comes in an aerosol spray can for quick and easy application
- » A single can coats approximately 5 individual parts

MD3 Adhesion Promoter	842	\$16
-----------------------	-----	------

» A MUST USE PRODUCT BEFORE PAINTING OR APPLYING VINYL ON ANY FIVE STAR PLASTIC PART

### FIVE STAR PLASTIC WINDOW CLEANER

- » This specially formulated anti-static foaming spray contains no chemicals or abrasives that will cause damage to plastic
- » Lifts grease, grime, and wipes off fast and easy to provide a streak-free clean and clear surface finish

Window Cleaner, 19oz Can	843	\$9.95
--------------------------	-----	--------

### » FIVE STAR CLEANING TIPS!

- » ALWAYS AVOID USING ABRASIVE CLEANERS & CHEMICAL SOLVENTS THAT CAN EASILY CAUSE DAMAGE TO POLYCARBONATE WINDOWS
- » USE A MICROFIBER TOWEL FOR BEST, STREAK-FREE FINISH
- » TO PREVENT SCRATCHING AND HAZING ON YOUR WINDOWS, NEVER SCRUB WITH BRUSHES OR ABRASIVE MATERIALS
