

ENGINEERED THROUGH THE DRIVER'S EYES

STREET STOCK

THE MOST VERSATILE BODY ON THE MARKET

The Street Stock Body features a timeless design that has consistently demonstrated its versatility, making it a reliable & long-lasting choice for top racers at short tracks across the country.

- » Replace old, hard-to-find junkyard panels to our complete line of body panels
- » Upgrade to a modern look with Camaro & Mustang nose, fenders, & hood options
- » '88 Monte Carlo panels designed to ensure stock appearance
- » Great for both dirt & pavement racing
- » Excellent fit, easy to install
- » See color options for all body panels & components in ordering section

Provide a secure installation of your body panels with Five Star Rivets & Washers!

Five Star Rivets pull much tighter than other, cheaper rivets.

Washers are oversized to fit with Five Star Rivets and keep rivets tight no matter how much vibration

FIVE STAR PREMIUM WASHERS

- » Five Star Premium Washers are lightweight & available in 3 sizes
- » Recommended for all plastic & composite body panels to keep them tight & prevent rivets from pulling out

NOTE: FOR OLDER STYLE 51-SERIES COLD AIR BOXES CALL FIVE STAR 262.877.2171

FULLY INSTALLED COLD AIR BOX

2 BARREL COLD AIR BOX

4 BARREL AIR BOXES:

- » Available in 0° & 3° to ensure a proper, level fit
- » Feature a patented machined adapter ring for clean airflow, better fit, & durability
- » 3° Air box is commonly used for short track late models
- » How to determine air box angle option:
 - » Set car at proper ride height
 - » Place angle finder on carburetor to determine which air box option fits best

4 BARREL COLD AIR BOX

2 BARREL OFFSET AIR BOX:

- » Offset 2-barrel air box is for engines with a larger setback
- » Designed to allow the element to be flat across the back for engine setback & clearance in the cowl
- » Fits a standard 3-1/2" x 14" filter element

2 BBL AIR BOX IS DYNO TESTED

"The results were outstanding! Five Star's 2bbl Air Box was 10 HP & 16 ft lbs of torque better than the old one!"

-SHANE HARDING
HARDING MOTORSPORTS CHASSIS

PATENTED FLOW DESIGN 4 BBL UNIQUE HIGH FLOW DESIGN

CNC-machined aluminum ring (laminated into the air box) fits perfectly on carburetor to maximize airflow

THE PERFECT SURFACE PREP FOR PLASTIC

MD3 ADHESION PROMOTER

FAST DRYING & NON-SANDING

MD3 ADHESION PROMOTER

- » Specifically engineered adhesion promoter assures proper paint bonding to our special plastic
- » Other automotive grade primers on the market may not work at all or cause severe paint flaking
- » Improves adhesion of vinyl by enhancing the bond between adhesive on the vinyl and the substrate, for a more durable, long-lasting application
- » Comes in an aerosol spray can for quick and easy application
- » A single can coats approximately 5 individual parts

MD3 Adhesion Promoter	842	\$16
-----------------------	-----	------

» A MUST USE PRODUCT BEFORE PAINTING OR APPLYING VINYL ON ANY FIVE STAR PLASTIC PART

FIVE STAR PLASTIC WINDOW CLEANER

- » This specially formulated anti-static foaming spray contains no chemicals or abrasives that will cause damage to plastic
- » Lifts grease, grime, and wipes off fast and easy to provide a streak-free clean and clear surface finish

Window Cleaner, 19oz Can	843	\$9.95
--------------------------	-----	--------

» FIVE STAR CLEANING TIPS!

- » ALWAYS AVOID USING ABRASIVE CLEANERS & CHEMICAL SOLVENTS THAT CAN EASILY CAUSE DAMAGE TO POLYCARBONATE WINDOWS
- » USE A MICROFIBER TOWEL FOR BEST, STREAK-FREE FINISH
- » TO PREVENT SCRATCHING AND HAZING ON YOUR WINDOWS, NEVER SCRUB WITH BRUSHES OR ABRASIVE MATERIALS
